

Responsible and safe

**MADE IN
GREEN**

Better all round: responsibly produced and safety tested

Textiles and leather items carrying the OEKO-TEX® MADE IN GREEN label are produced more sustainably in socially responsible workplaces. Customers purchase them with confidence that they are fully traceable and tested for the presence of harmful substances. This label supports both better working conditions and a healthier planet.

The MADE IN GREEN label includes:

Environmental responsibility in processes and sourcing ensured through optimization of chemical management and wastewater quality

Social responsibility ensured through fair wages, working hours and safety at workplace

Product and consumer safety ensured through testing for harmful substances

Traceability & transparent supply chains, which enable consumers to make informed purchasing decisions

Modular System and requirements for MADE IN GREEN

1. OEKO-TEX® STANDARD 100, ORGANIC COTTON or LEATHER STANDARD creating the basis to obtain a MADE IN GREEN label.
The product shall be certified according to one of these certifications.
If OEKO-TEX® ECO PASSPORT certified chemicals are used, the test effort for one of these certifications and therefore the costs can be reduced.
2. All manufacturers of ready-made garments must be certified according to OEKO-TEX® STeP.
3. Single components that equal or exceed 5% of the total weight of the product as well as at least 85% of the total weight of the product shall be supplied by OEKO TEX® STeP certified production facilities.
4. The participating companies in this supply chain must register for the myOEKO-TEX® platform and actively use the MADE IN GREEN dashboard.
